

Instruction Manual

Description

The LiberNovo battery for the OC1 Pro chair powers all active comfort functions, such as electric lumbar support adjustment, the OmniStretch spine stretching feature, and the Active AirFlow seat ventilation system. A single charge permits ventilation operation for up to 36 hours on low mode or up to 10 hours on high mode. The battery also allows for up to one month of operation of the spine stretching function or up to one year of daily use of the lumbar support adjustment, ensuring comfort without the need for frequent recharging.

Use in accordance with the intended purpose

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage. Furthermore, misuse may cause hazards. Read the user manual carefully and retain it for future use. Read and adhere to the safety instructions provided in the manual.

1. This product is not a toy. Keep it out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is malfunctioning or damaged), cease use and secure the product to prevent reuse.
5. The product must be handled with care. Shocks, impacts or dropping the product can cause damage.
6. If there are any doubts concerning operation or safety, please consult a qualified professional.
7. If you have any questions not covered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: LiberNovo

Model: PROGRBP-1P

Compatibility: LiberNovo OC1 Pro

Colour: Grey

Dimensions: approx. 8 x 8.2 x 3.8 cm

Capacity: 3000 mAh

Battery type: Lithium-ion

Weight: 0.23 kg

Exceeded permissible cadmium content (0.002%) or lead (0.004%): no

Battery serial number: VZ6AL0

Manufacturer details: Qingxian Intelligent Innovation (Shenzhen) Co., Ltd.

Address: Room 1501, East Tower, Lepu Building, No. 60 Xingke Road, Xili Community, Xili Subdistrict, Nanshan District, Shenzhen, Guangdong 518000, P.R. China Representative: Apex CE Specialists GmbH Address: Grafenberger Allee 277, 40237 Düsseldorf, DE Email: info@apex-ce.com

Importer:

INNPRO Robert Błędowski sp. z o.o.

Street: Rudzka 65c, 44-200 Rybnik, Poland

Environmental protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health.

The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this subject can be obtained from the municipal office, the sanitation department, or the store where the product was purchased.

The product complies with the requirements of the directives referred to as the New Approach of the European Union (EU), concerning safety, health, and environmental protection, which specify hazards that should be detected and eliminated.

This document is a translation of the original user manual created by the manufacturer.

Detailed information regarding the distributor's and manufacturer's warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product must be regularly maintained (cleaned) either independently or by specialised service centres, at the expense and within the scope of the user. In the absence of information on required cyclical maintenance or servicing in the user manual, the physical condition of the product should be regularly assessed, at least once a week, for any deviation from the condition of a physically new product. If any irregularity is detected or observed, maintenance (cleaning) or servicing must be promptly carried out. Lack of proper maintenance (cleaning) and failure to respond upon detection of irregularities may lead to permanent damage to the product. The warranty does not cover damage resulting from neglect.
